

# ASSOCIATE DEGREE NURSING

## Program Description

Associate Degree Nursing (ADN) classes start in August. The ADN program has a selective admission process. Approval for admission will be granted by the Faculty Organization in the ADN program.

The application deadline for fall classes is due to the nursing department by January 15th. Applicants who have met all admission requirements and have been selected by the Faculty Organization will be notified by March 1st of their acceptance into the August class. An acceptance form will be sent to those applicants admitted; this form must be returned by the specified deadline to secure a position in the August class. A mandatory orientation will take place during the summer prior to beginning the nursing program. Applicants who are not placed in the August class or fail to attend the mandatory orientation will be placed on a candidacy status for the next year. For more information on the selective admission process contact the nursing department.

The nursing program is designed to prepare students for employment as registered nurses. The nursing program includes nursing and non-nursing courses. Non-nursing courses may be taken at any MPCC location or transferred from an accredited college or university. The program includes a concept based nursing curriculum and state-of-the-art simulations to improve student and program outcomes. Clinical sites will be in local hospitals, long term care facilities and various other community agencies and clinics.

Graduates have met the education eligibility requirement to take the National Council of State Board of Nursing Licensing Examination for Registered Nurses (NCLEX-RN), which meets one requirement leading to state licensure as a Registered Nurse.

Mid-Plains Community College's ADN program is approved by the Nebraska State Board of Nursing and accredited by:

## Career Opportunities

The Associate Degree Registered Nurse gives care within the framework of his/her educational background. The curriculum is designed to prepare the graduate to provide nursing care in a variety of structured health care settings. Such areas include: hospitals, long-term care facilities and medical offices. Job openings are present throughout the country and in a variety of health care agencies. Mid-Plains Community College actively assists the graduate in job placement. Salary levels will vary with geographical area and the type of position.

## Progression in Program

All NURS courses must be completed with a grade of 78% (C) or higher to progress through the program. All non-nursing courses must be completed with a grade of C+ or higher to progress through the program. Courses must be followed in the sequence of study. If a student receives a grade lower than a "C" in an NURS course or a "C+" in non-nursing courses during a given semester, withdrawal from the program is required. Unsatisfactory clinical performance will result in a non-passing grade for the nursing course.

## Educational Advancement

The Associate Degree Nursing Program coordinates efforts to maximize the number of credits that can be transferred into a four-year nursing program. The acceptance of transfer credits is subject to that college's or university's policies. Students are encouraged to contact the other college as early as possible to facilitate the process.
